Height: 10 feet

Spread: 10 feet

Sunlight: ○ ◐

Hardiness Zone: 6b

Other Names: Chinese Paper Bush; Yellow Daphne

Description:

The foliage on this variety is attractive, but it is primarily grown for its flowers; blooms are fragrant and open in late winter; yellow and white trumpets that are almost tubular in dense clusters create an exotic look as a garden accent

Ornamental Features

Oriental Paper Bush has masses of beautiful clusters of lightly-scented white trumpet-shaped flowers with yellow throats at the ends of the branches in late winter before the leaves, which are most effective when planted in groupings. It has attractive bluish-green deciduous foliage. The narrow leaves are highly ornamental but do not develop any appreciable fall color. The brick red branches add an interesting dimension to the landscape.

Landscape Attributes

Oriental Paper Bush is a multi-stemmed deciduous shrub with a more or less rounded form. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This is a relatively low maintenance shrub, and should only be pruned after flowering to avoid removing any of the current season's flowers. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Suckering

Oriental Paper Bush is recommended for the following landscape applications;

4256 Earney Road

- Accent
- Mass Planting
- General Garden Use

Planting & Growing

Oriental Paper Bush will grow to be about 10 feet tall at maturity, with a spread of 10 feet. It has a low canopy, and is suitable for planting under power lines. It grows at a medium rate, and under ideal conditions can be expected to live for 50 years or more.

This shrub does best in full sun to partial shade. It prefers to grow in average to moist conditions, and shouldn't be allowed to dry out. It is not particular as to soil pH, but grows best in rich soils. It is somewhat tolerant of urban pollution. This species is not originally from North America.
